

Not so fast, my dear Watson.
Let's take a closer look!

Can you think of anyone who
has a different reaction to
the sight of Foxy's socks?

Uh... sure.
Porky, my other flat mate.
It make him laugh.
But he's a pig!

And my friend Rattine just whistles as she picks
them up... But she's way too nice!

Aha! There's your proof that
the socks are not the guilty
party!

How's that?

Take a look!
