

"IT TAKES ONLY A SPLIT SECOND FOR RATTIE TO START FEELING THE SYMPTOMS OF ANGER."

RATT-O!

"NOW LET'S SEE IT AGAIN IN SLOW MOTION!"

RECEIVING INFORMATION >

PROCESSING INFORMATION >

EMOTION

You see, like Lulumineuse says, "Emotions are the result of how you process the initial information."

THE PROOF IS THAT OTHERS REACT DIFFERENTLY TO THE SAME INFORMATION:

RECEIVING INFORMATION >

PROCESSING INFORMATION >

EMOTION

Are you telling me that what's to blame is not the information...

But...

How I process the information?
So... It's ME???

Yup!
We're each responsible for our own emotions!
Good news, right?
