

FOR EXAMPLE, IF IT'S CLOVER THAT'S GROWING...

... THAT TELLS ME THAT THE SOIL IS RICH IN NITROGEN.

AND IF I WANT TO GROW TOMATOES...

SINCE I KNOW THAT THEY NEED NITROGEN AND POTASSIUM...

I CAN ADD POTASSIUM IN DIFFERENT WAYS TO ENRICH THE EARTH.

EXAMPLE: I can plant comfrey, as this naturally releases potassium.

Wow! Well done! But, if anger is growing, what does that mean?

What would you like to grow?

Joy!

Great! In order to blossom, joy needs a soil that is rich in many ingredients, look:
