**THE BOOK:**

This is the story of Giangiacomo Feltrinelli, a man tormented by the desire to change the world: through books, as founder of one of the most prestigious and committed publishing houses in the world; and through his own actions, embracing the cause of revolutionary armed struggle to which he sacrificed his own life. This graphic novel tries to investigate the lights and shadows of one of the most brilliant, multifaceted and controversial character from the last century.

**THE AUTHORS:**

**Nacho Nava (1989)** is a multidisciplinary artist who combines audiovisuals, graphic novels and writing.

**Aitor Iturriza Mendia (1989)** is a writer, screenwriter and audiovisual producer.

**Guillermo Gracia-Santos (1986)** is a historian and editor.

Ph.d. in Contemporary History from the University from Santiago de Compostela.
